

# 10<sup>th</sup> 3DMC | 2025

Automation | Digitization | Data Science

Aachen

September 16 - 18

# Europe's Finest Metrology Event

*3DMC is where metrology, data science, and production expertise meet to promote innovation in automation, quality assurance, and digital manufacturing.*

**Scientific presentations** featuring **success stories from end users** and **latest research advances** in industrial metrology

**Extensive networking opportunities** including **two dedicated evening events** open to all conference attendees and exhibitors

**Informative exhibition booths** and **hands-on workshops** displaying state-of-the-art technologies from **leading manufacturers** and new **start-ups**

A relaxed and open-minded atmosphere guaranteeing for cross-sector discussions on **new and improved applications of metrology**

**Established scientific reputation** of the organizing institutions assuring a **superior quality and technology relevance**

# Venue, Date and Audience

**3DMC 2025 will take place in Aachen on September 16 - 18, 2025.**  
 Visit us at our home base, **WZL | RWTH Aachen University.**  
 Germany's westernmost city is situated in the heart of Europe bordering both Belgium and the Netherlands and offering both culture and high-tech.

**~20 presentations** including a keynote, talks, and special interest sessions topically related to those in our archive

**120+ international attendees** comprising executive and technical professionals from industry, academia, and applied research labs

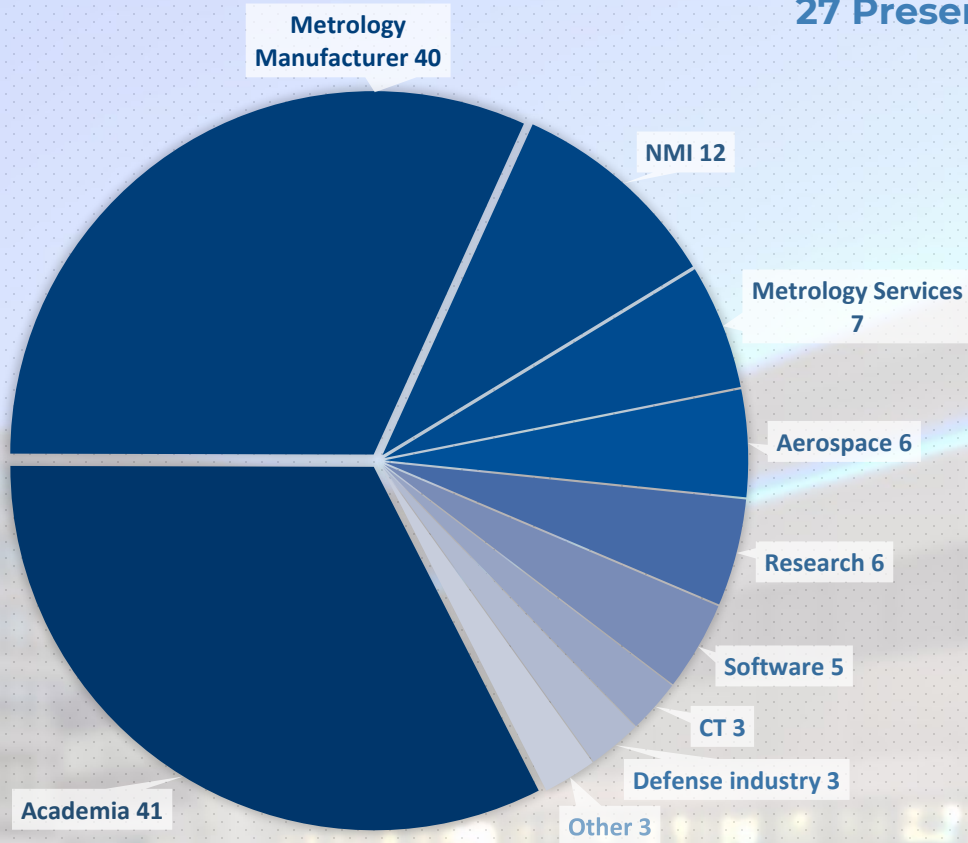

**Industrial exhibition in a shopfloor environment** displaying 3D metrology equipment and specialized software to an experienced and demanding audience

Numbers stated and exhibitors named are based on the 3DMC events held 2016-2021 in Aachen, Hamburg, London and online

# Event Statistics

2022 • Aachen  
**126 Participants**  
 27 Presentations • 2 Special interest sessions

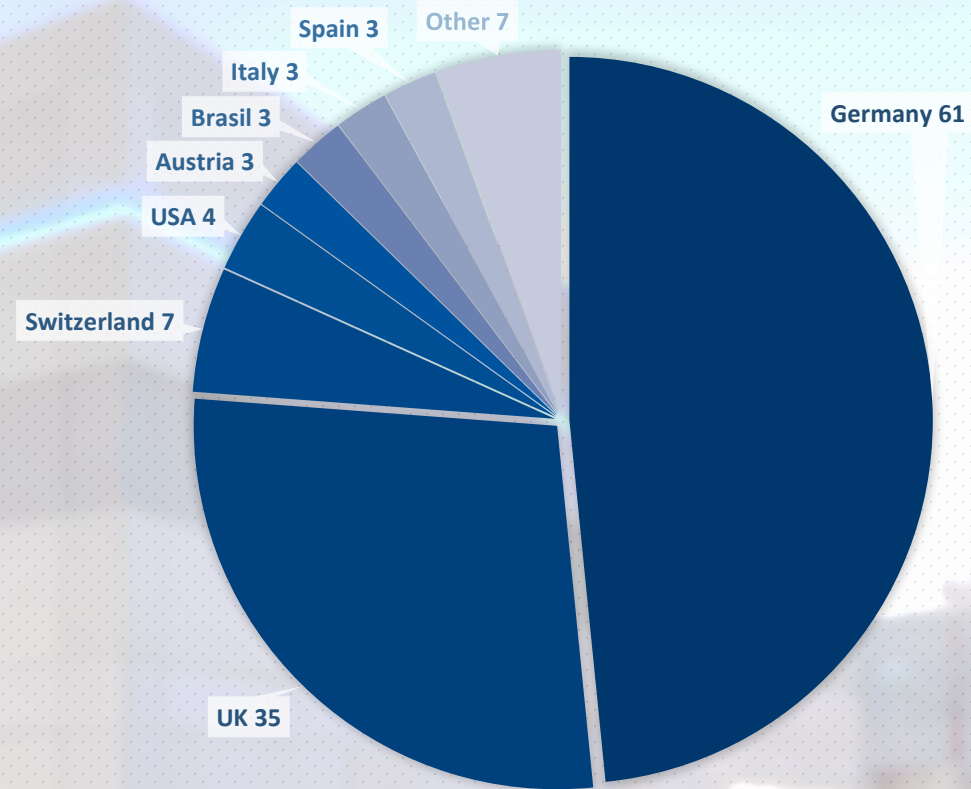

**59 Affiliations**

2022 • Aachen

2023 • Bilbao  
**96 Participants**  
 15 Presentations • 14 Posters

2024 • Loughborough  
**99 Participants**  
 17 Presentations • 33 Posters

**14 Countries**

2022 • Aachen

# Industrial Education & Networking Packages

## Exhibition Showcase

- Live demonstration @ WZL Lab
- 2.0 × 3.0 m<sup>2</sup> table-top stand
- Three delegate passes included
- Multi-use discount codes for
  - further delegate passes
  - reduced stand costs
- Priority support

**2 990.00 € excl. VAT**

## Delegation Booth

- 2.0 × 3.0 m<sup>2</sup> table-top stand
- Two delegate passes included
- Multi-use discount codes for
  - further delegate passes
  - reduced stand costs
- Online presence included

**1990.00 € excl. VAT**

## Start-Up Stand

- Conditions apply
- 1.5 × 2.0 m<sup>2</sup> table-top stand
- One delegate pass included
- Multi-use discount codes for
  - further delegate passes
  - reduced stand costs
- Online presence included
- Request in advance by e-mail

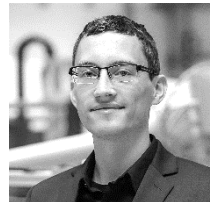

**990.00 € excl. VAT**

## Partnership

- Custom promotion area
- Three delegate passes included
- Optional evening address
- Multi-use discount codes for
  - further delegate passes
  - reduced stand costs
- Online sponsorship appearance
- VIP support

**Please contact us**

Individual marketing, sponsoring and, partnership options are available. Please contact Mark Sanders to discuss individual opportunities.

# Delegates and Presenters (Talks & Posters)

## Delegate Ticket

- Full access to live 3DMC
- Workshop participation
- Two catered evening events
  - Icebreaker
  - Networking dinner

### Group discount options:

10% off of further bookings

590 € excl. VAT

## Talk

- Discounted delegate pass
- Selection priority:
  - End user applications
  - Current research topics
  - Technical talks by industrial partners
- About 25 min for talk + Q&A
- Presentation archived
- Option for OpenAccess publication

290 € excl. VAT

## Poster

- Discounted delegate pass
- Online abstract submission
- Two dedicated presentation sessions at social events
- Poster archived
- Option for OpenAccess publication

490 € excl. VAT

Please submit your abstract at <https://3dmc.events> at any time.

# Focus Topics for 2025

3DMC welcomes **industrial success stories from end users**, and presentations on **latest research advances**.

Presenters from **academia** may submit an accompanying **open access journal article** in cooperation with our media partner **MDPI Metrology**.

[See Call for Abstracts on the website](#)

All 3DMC presentations are stored in our **archive**.

[See last year's archive](#)

3DMC will hold **special interest sessions**.

*Details will follow soon*

- Novel applications of 3D metrology
- Measurement instrumentation development
- Traceability, uncertainty, and standardization
- Dynamic metrology systems
- Large-scale point cloud handling & processing
- X-ray computed tomography
- 3D microscopy and surface metrology
- Metrology for additive manufacturing
- Metrology applications of AI and big data analysis
- Generalized Scene Reconstruction
- Sustainability in metrology
- Augmented and virtual reality
- Metrology software systems and architectures
- Predictive quality and maintenance
