

3DMC 2026

Automation | Digitisation | Data Intelligence

London

September 8th – 10th

<https://3dmc.events>

Europe's Finest Metrology Event

3DMC is where metrology, data science, and production expertise meet to promote innovation in automation, quality assurance, and digital manufacturing.

Scientific presentations featuring **success stories from end users** and **latest research advances** in industrial metrology

Extensive networking opportunities including **two dedicated evening events** open to all conference attendees and exhibitors

Informative exhibition booths and **hands-on workshops** displaying state-of-the-art technologies from **leading manufacturers** and new **start-ups**

A relaxed and open-minded atmosphere guaranteeing cross-sector discussions on **new and improved applications of metrology**

Established scientific reputation of the organizing institutions assuring a **superior quality and technology relevance**

Venue, Date and Audience

3DMC 2026 will take place at the *Loughborough University Campus in London* on *September 08, 2026 – September 10, 2026*. With world-class facilities and inspiring surroundings, on the Queen Elizabeth Olympic Park, 3DMC promises another unforgettable conference experience for all attendees.

~20 presentations including a keynote, talks, and special interest sessions *topically related to those in our archive*

120+ international attendees comprising executive and technical professionals from industry, academia, and applied research labs

Industrial exhibition displaying 3D metrology equipment and specialized software to an experienced and demanding audience

Numbers stated and exhibitors named are based on the 3DMC events held 2016-2021 in Aachen, Hamburg, London and online

Focus Topics for 2026

3DMC welcomes **industrial success stories from end users**, and presentations on **latest research advances**.

Presenters from **academia** may submit an accompanying **open access journal article** in cooperation with our media partner **MDPI Metrology**.

All 3DMC presentations are stored in our **archive**.
[See last year's archive](#)

3DMC 2026 will hold **Industrial workshop sessions**.
Details will follow soon

- Novel applications of 3D metrology
- Measurement instrumentation development
- Traceability, uncertainty, and standardization
- Dynamic metrology systems
- Large-scale point cloud handling & processing
- X-ray computed tomography
- 3D microscopy and surface metrology
- Metrology for additive manufacturing
- Metrology applications of AI and big data analysis
- Generalized Scene Reconstruction
- Sustainability in metrology
- Augmented and virtual reality
- Metrology software systems and architectures
- Predictive quality and maintenance
- Robotic and Automated metrology systems

Industrial Education & Networking Packages

Exhibition Delegation

- Passes & certified attendance for two employees
- 2.0 × 3.0 m² presentation space
- Priority support
- Meeting room bookings max 4 h
- Optional : deliver a workshop activity

£ 300 discount for Start-Ups

£ 1 790 excl. VAT

Event Partner

Become one of our event sponsors

- Passes & certified attendance for three employees
- Bespoke-size presentation area
- Meeting room bookings max 4 h
- Optional : deliver a workshop activity

Please contact us

Starting at £ 2 790 excl. VAT

Marketing Opportunities

For maximum impact sponsor the Ice breaker event, networking dinner, or prizes for the best poster or presentation.

Please contact Peter Kinnell to discuss individual opportunities.

P.Kinnell@lboro.ac.uk

Delegates and Presenters (Talks & Posters)

Delegate Ticket

- Full access to 3DMC
- Talks, posters, exhibition
- Workshop participation
- Two fully catered evening events
 - Icebreaker
 - Networking dinner

£ 590 excl. VAT

Talk

- Discounted delegate pass
- Selection priority:
 - End user applications
 - Current research topics
 - Technical talks by industrial partners
- About 25 min for talk + Q&A
- Presentation archived
- Option for OpenAccess publication

£ 390 excl. VAT

Poster

- Discounted delegate pass
- Online abstract submission
- Two dedicated presentation sessions at social events
- Poster archived
- Option for OpenAccess publication

£ 490 excl. VAT

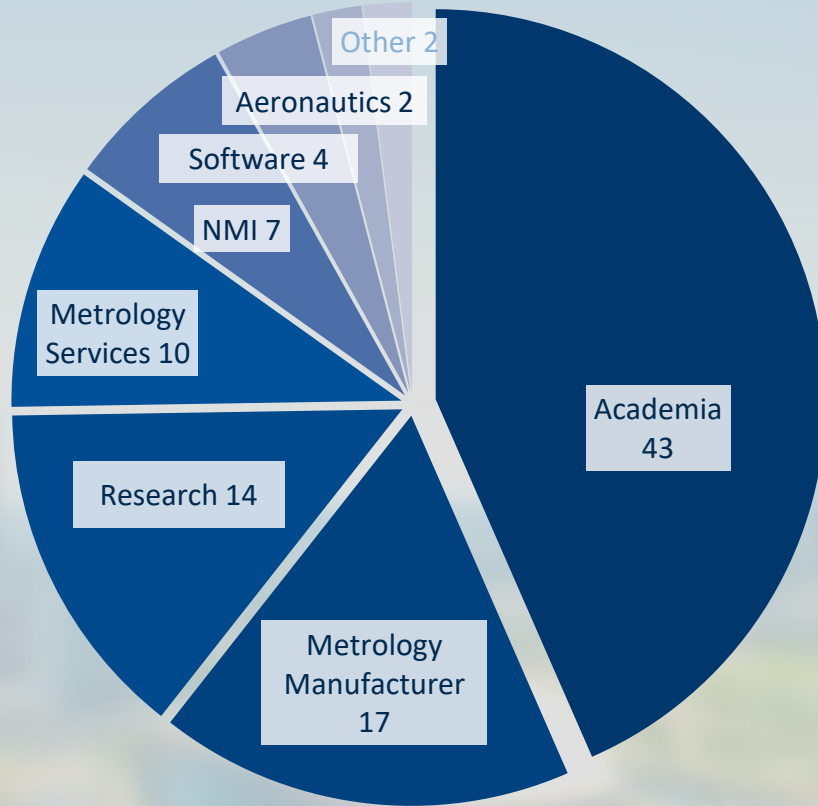

Please submit your abstract at <https://3dmc.events> at any time.
